

On your way to a professorship?

InFokus:

Infosessions with experts & short workshops

CoachingPLUS:

Individual coaching offer for the Junior Faculty

For habilitation candidates, research group leaders, and junior professors of the University Alliance Ruhr

Offer for the Junior Faculty

Career Goal Professorship

This program is designed for advanced researchers (Junior Faculty) of all disciplines of Ruhr-Universität Bochum, TU Dortmund University, and the University of Duisburg-Essen, who are leading their own research group, holding a Juniorprofessur, are currently working on or have recently completed their habilitation.

InFokus

You have already gained experience in various fields in your current position: you know what it means to set up and manage a research group. You have already written one or the other research proposal and successfully raised funds. You are becoming more and more familiar with committees and university structures supporting and accompanying you. One of your next major challenges will likely be the appointment procedure for a professorship.

With our offer we would like to support you in your current career phase but also prepare you for your next career steps. We offer short info sessions with experts on the topic of appointment as well as short workshops on the topics of leadership and supervision. The opportunity to network (academically) in your own UA Ruhr peer group offers additional added value.

CoachingPLUS

We also support the careers of the Junior Faculty through one on one coaching sessions, in which individual topics that are addressed in our InFokus offerings can be dealt with in greater depth.

Each member of the Junior Faculty can take advantage of an individual one on one coaching session on topics such as appointment, strategic career planning, leadership or mentoring (duration 1 hour). Please send a brief description of your coaching needs to the following e-mail address: ursula.justus@rs.rub.de
